

## Industry Partnership Program (IPP)

Status, Dec 2015

### Table of Working Groups

WG	IPP Partner and Category		Topic for 2016	Objective / Deliverables	Working Group Participants	
					Representatives	Name, Company/Position
1	Partner	Ernst & Young	The WG shall collect and compare different existing contract models and propose a state-of-the art and well-balanced contract template for the delivery of overlay works, including all sensitive areas, such as liabilities, insurances, guarantees, etc.	AGES members shall be able to refer/use (to) a contract template which represents the industry standard when dealing with LOC and major clients. The deliverable shall be contract template (s) in english, based on EU-law for the delivery of overlay works, with accompanying explanations to certain sensitive clauses.	Partner	Wim Kurvers, Partner EY
					Board	Daniel Cordey, AGES Chairman
	Member Company	François Picolet, GL events				
	Member Company	Ollly Watts, ES Global				
2	Partner	SOS Global	Assessing and calculating custom costs is difficult as it can differ substantially from one location to the other. How can the members budget those costs better. What do they need to consider to import quick in and out a country with rental equipment/material, specifically for countries in emerging markets.	AGES members will benefit by being able to accurately calculate and budget for customs fees and to learn how to reduce the time required to temporarily or permanently import/export their rental products. Table showing temporary importation/exportation provisions for all major large events until 2020.	Partner	Tom Rowlands, SOS Global
					Board	Phil Wessels, CAT ES
	Member Company	David Jones, MTD				
	Member Company	Mark Breitenmoser, Nüssli				
	Category	Assurance, Tax and Legal				
	Category	Logistics and Transportation
