Annual Event 2020, Amsterdam

Cancellation due to COVID-19

Dear all

we are sorry to inform that our Annual Event 2020 is cancelled due to COVID-19.

Even though we had encouraging returns and a good level of participation, the board of AGES and the hosting companies decided at today's meeting to cancel our Annual Event 2020, the reason being the current situation and the impacts of COVID-19.

It was our ambition to organize a fruitful and enjoyable gathering, but after recent cancellations of a few keynote speakers, the situation continuously deteriorating and listening to the concerns of company leaders, our objectives could not be fulfilled anymore.

We will check the option to postpone the event to autumn 2020.

We thank the speakers for their readiness to come, the hosts for preparing the event and of course, all our registered participants for their loyalty.

We thank you for your understanding.

with kindest regards,

Daniel Cordey, Chairman
