

Dear all,

The Venue and Infrastructures Division (VNI) of Paris 2024 is pleased to send you its **Request for Information**. This questionnaire concerns only temporary facilities corresponding to the perimeter of Paris 2024 for the Olympic and Paralympic Games infrastructures.

This approach does not constitute a call for tenders, but represents a first contact with the French, European and worldwide temporary facilities market in compliance with French legislation on public procurement. The objectives are thus to :

- Inform Paris 2024 about current and future market capacities;
- Enable suppliers to share technical information on their products so that Paris 2024 can compare the current design of its sites with the present or future market reality;
- Enable suppliers to highlight future innovations that would be reliable for the period of the Olympic and Paralympic Games;
- To identify the success factors for the Paris 2024 procurement.

This questionnaire is part of the following projected timeframe for the Paris 2024 procurement:

- Early 2020: Launch of the Paris 2024 sourcing process;
- Q3 2020: Launch of contracts for large demountable structures corresponding to approximately 4-5 100% temporary objects with 10,000 to 15,000 seats;
- Q3 2021: Launch of contracts for large generic supplies (tents, stands, scaffolding, etc.);
- End of 2022: launch of medium-sized generic supply contracts (barriers, interior fittings, energy, etc.).

When returning the questionnaire (**Friday 03 April 2020 last deadline**), thank you for:

- Follow the file nomenclature : Paris 2024-Request for informations on overlay--**Nom de l'entreprise**
- Delete tabs that relate to objects on which you have not answered;
- Transmit catalogues and technical data sheets presenting your products and any information that you think may be of interest to Paris 2024, as you wish.

We would also like to specify that, in accordance with article R. 2111-1 of the French public procurement code, this request does not constitute a consultation of public contracts and does not commit Paris 2024 to enter into a contract with your company.

The information that will be transmitted to us in this context is covered by business secrecy and we undertake, except with your authorization, not to disclose it.

We count on the quality of your information, because it is with you that Paris 2024 will be able to deliver revolutionary and sustainable sites and infrastructures!

Yours sincerely, PARIS 2024 – VNI Team

**Remarks form AGES:**

**Interested members and associate members will find the questionnaire in the member login area, or may request it from the Paris 2024 VNI Team directly.**
